

REHEATING INSTRUCTIONS

HOLIDAY HAM

1. Remove from original packaging
2. Wrap in foil
3. Follow reheating instructions below

Heat oven to 275°, then follow cook times to achieve internal temperatures of the items listed below. For best results, pull item from refrigerator 1-2 hours prior to re-heating.

1/2 Ham: Approx 1 hr 15 mins or until 135°

Ham: Approx 1 hr 45 mins or until 135°

As each oven varies, so will cooking times. Please check on your food periodically. All items are fully cooked. This method is used to "re-heat" already cooked foods.
